### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders Thompson Davis & Co., Inc. Richmond, Virginia

We have audited the accompanying statement of financial condition of Thompson Davis & Co., Inc. (the "Company"), as of December 31, 2015, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement. The Company is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial condition of Thompson Davis & Co., Inc. as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statement

# 1. Summary of Significant Accounting Policies:

Nature of Business: Thompson Davis & Co., Inc. (the "Company") was incorporated in the State of New York and is headquartered in Richmond, Virginia. The Company provides financial services to both retail and institutional clients nationwide. As a broker-dealer and registered investment advisor, the Company is subject to regulations of the Securities and Exchange Commission (the "SEC") and the Financial Industry Regulatory Authority (the "FINRA"). The Company is an Introducing Broker and forwards all transactions to a Clearing Broker on a fully disclosed basis.

Basis of Presentation: The accompanying financial statement has been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP") as determined by the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"). The financial statement has been prepared on a consistent basis with that of the preceding period.

Risks and Uncertainties: Financial instruments which potentially expose the Company to concentrations of credit risk consist primarily of cash and other financial instruments (See Note 5). The Company maintains its cash balances in financial institutions insured by the Federal Deposit Insurance Corporation up to \$250,000. The Company regularly has funds in excess of \$250,000.

**Use of Estimates:** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

Cash and Cash Equivalents: The Company considers all highly liquid investments with a remaining maturity of three months or less at the time of purchase to be cash equivalents.

**Securities Owned:** Securities transactions are recorded in the accounts on a trade date basis.

Commission Income: Gross commission income is recorded on a trade date basis.

Receivables from Clearing Broker: The Company clears all of its proprietary and customer transactions through another broker-dealer on a fully disclosed basis. Based on the terms and conditions of the Company's agreement with its clearing broker, the amount receivable from the clearing broker represents cash on hand with the clearing broker plus commission receivables and less amounts payable for transaction costs on unsettled securities trades.

# 1, Summary of Significant Accounting Policies, Continued:

**Property and Equipment:** Property and equipment is stated at cost. Depreciation and amortization are calculated using the straight-line method over the estimated useful lives ranging from 3 to 7 years.

**Income Taxes:** The Company has elected to be an S-Corporation. In lieu of corporate income taxes, the stockholders of an S-Corporation are taxed on their proportionate share of the Company's taxable income. Accordingly, no provision for income taxes has been included within the financial statement. The Company is not currently under audit by any tax jurisdiction.

Income Tax Uncertainties: The Company follows FASB guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-then-not threshold would be recorded as a tax expense and liability in the current year. Management evaluated the Company's tax positions and concluded that the Company had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

**Subsequent Events:** Management has evaluated subsequent events through February 12, 2016, the date the financial statements were issued, and has determined that no additional disclosures are necessary.

#### 5. Financial Instruments with Off-Balance Sheet Risk:

As a securities broker, the Company is engaged in buying and selling securities as agent for a diverse group of domestic corporations, institutional investors, individuals and as principal for its own account. The Company introduces these transactions for clearance to another firm on a fully disclosed basis.
